Component Areas: 36W x 7H x 16D
Available in SOY finish only

bamboo

The items in the BL and BT collections use veneers made from bamboo. An endlessly renewable resource, bamboo is actually a grass, not a tree. It grows quickly and does not need to be replanted due to its extensive root system. This root system also helps to stabilize the surrounding environment. Easily harvested and naturally renewing, bamboo is used in a variety of wood products.

bamboo

Simple designs
with the correct attitude

56" CONSOLE
BL1056-SOY
